STUDY OUTLINE

MODULE 7: FINANCIAL STATEMENT ANALYSIS AND ASSET VALUATION

This examination is designed to test a candidate's knowledge and understanding of the Malaysian equity market. It is one of the examinations to be passed by individuals who:

- (1) intend to apply for a Capital Market Services Representative's License (CMSRL) to carry on the regulated activity of dealing in securities;
or
- (2) intend to hold the following positions in a firm which is a holder of a Capital Markets Services License (CMSL) for carrying on the business of dealing in securities:
 - Head of Operations
 - Head of Compliance
 - Compliance Officer;or
- (3) intend to be employees of registered persons who carry out the capital markets activities as stipulated in Item 1, Part 1 of Schedule 4 of the Capital Markets & Services Act 2007.

Candidates are advised to refer to the Licensing Handbook for detailed combination of examinations required for each regulated activity.

Candidates are expected to possess good knowledge and understanding of the subject matter provided in this study outline and specified reference. In addition, candidates will be tested on the ability to analyse and apply the information at a basic level. It is estimated that this module will require a minimum of 80 hours of study time. Candidates may need less or more depending on the education background and work experience.

Candidates are expected to update themselves with the latest changes relevant to this examination as all questions will be continuously updated to reflect these changes. Module 7 examination is a closed-book test and candidates are not allowed to use any reference material during the examination.

Candidates are required to comply with the terms and conditions of the SC licensing examination. Severe penalties will be taken against candidates for any misconduct during the examination.

At the end of this study outline are 5 sample questions of various formats used in the Module 7 examination. The samples provided do not in any way reflect the level of difficulty or the subject-matter distribution of the actual examination. They are merely intended to familiarise candidates with the styles of multiple-choice questions used in the examination.
