EXPERIENCE SIDC'S AML SERIES – PART 2 CASE STUDIES ONLINE

In SIDC's AML Series – Part 2 Case Studies, you will go 'beyond a box ticking exercise' where the "undercover money laundering investigator" needs your help in his/her investigation. Carefully undertake the assignments provided (and trust us they are tough!) by the undercover investigator and once completed, you would have proven your ability in the following areas:

- Develop and implement policies, procedures and controls consistent with AML laws and regulations
- Develop and implement a company-wide training programme related to AML laws, regulations and practices in a timely manner
- Establish an internal procedure to capture client's information while safeguarding confidentiality
- Conduct enhanced due diligence process for higher-risk clients
- Define the scope for due diligence taking into consideration and addressing any concerns relating to the corporate proposal

ABOUT AML SERIES – PART 2

CASE STUDIES: LESSONS ON AMLA FROM A CAPITAL MARKET PERSPECTIVE

Money laundering is a potential indicator of terrorist funding and other global crimes, making it necessary for practical AML training on AML. This is the second part of the online AML training comprising 2 case studies series and is intended provide practical insights on the AML principles, regulations and expectations prescribed by the Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001 (AMLA) and the relevant guidelines issued by Securities Commission Malaysia. Each series is interspersed with short assessments to ensure effective learning of each participant.

The 2 mini cases are based on real-life cases to enable participants to recognise and understand regulatory expectations, relevant issues, obligations and prescribed penalties in the prevention of money laundering and terrorism financing from a practical capital market related perspective.

LEARNING OUTCOMES

Upon completion of the AML Series - Part 2, participants will be able to undertake prescribed practices and procedures to ensure mitigation or detection of possible incidences of money laundering and terrorism financing (ML/TF) as well as develop and implement policies, procedures and controls consistent with AML laws and regulations by adopting the risk-based approach to manage and mitigate potential money laundering activities.
