

EXPOSE, EXPLORE AND EDUCATE: THE 3Es ABOUT DERIVATIVES FUTURE POTENTIAL

LIVE FREE WEBINAR AVAILABLE ON

PART 1
21 JANUARY 2021 | 10.00 AM - 12.15 PM

PART 2
29 JANUARY 2021 | 10.00 AM - 12.15 PM

WHAT IS THE PROGRAMME ALL ABOUT?

Derivatives, ranging from relatively simple futures contracts to complicated options products, are an increasingly important feature of the capital and financial markets worldwide. They are already gaining popularity in many emerging markets, and as the financial sector becomes deeper and more stable, their use is certain to grow.

Learning about derivatives is essential for everyone who wish to begin a career within the capital and financial markets. This imposes a challenge for lecturers and academicians to educate from a practical stand point and encourage their students to explore more about it.

Through this e-workshop, one will discover on how to expose, create interest to explore and educate the students on the derivatives via a new experiential learning approach as well as prepare them for a career in the capital market.

WHAT DO WE WANT TO ACHIEVE?

This programme is designed for participants to impart knowledge and encourage their students to explore and take action on the opportunities available in the derivatives industry by giving insights into the derivatives ecosystem, the products and contracts traded in Bursa Malaysia Derivatives and the basics derivatives trading strategy.

WHAT WILL YOU LEARN DURING THE PROGRAMME?

Upon completion of this programme, participants will be able to:

- update the syllabus content and develop a new experiential learning approach for their students
- create awareness pertaining to the opportunities available in the derivatives industry
- describe the overview of the derivatives ecosystem, products and its features
- explain the basic concept of derivatives and the factors that influence the price movements
- analyse the basic trading strategies of trending contracts in derivatives trading
