PROGRAMME OVERVIEW

This programme equips participants with comprehensive understanding and knowledge based on Module 9 study outline. Participants will advance their knowledge and comprehension further via interactive teaching and learning experience while increasing their confidence in sitting for the examination. This programme will be facilitated by an experienced and qualified trainer.

PROGRAMME OBJECTIVE

This programme is designed to match the licensing study outline for Module 9 on funds management regulation. It covers comprehensive introduction to funds management, regulatory structure, fund management industries, licensing requirements, compliance and corporate governance relating to fund management.

LEARNING OUTCOMES

Upon completion of this programme, participants should be able to:

- recognise the fund management industry and describe its significance to the Malaysian economy
- outline the regulatory structure of the funds management industry in Malaysia
- identify the main laws, regulations and guidelines governing the operation of the funds management industry in Malaysia
- distinguish the relationship between a fund management company and its client
- explain the duty and standard of care applicable to a fund management company
- describe the licensing requirements of fund management companies and their representatives
- discuss various securities offences and how they are regulated
- explain the purpose of an Investment Management Agreement and Investment Mandate
- explain the compliance and its significance to a fund management company
- discuss corporate governance and other issues affecting a fund management company

CANDIDATES' PREREQUISITES

Candidates are expected to possess good knowledge and understanding of subject matter provided in the study outline and specified references. It is estimated that the SOLE Module 9 will require a minimum of 120 hours of study time. The amount of study hours needed depends on the education background and work experience of the candidates. Candidates are also expected to update themselves with the latest changes relevant to the module as all questions will be continuously updated.

METHODOLOGY

This programme will be delivered using effective learning methods including presentations, discussions and review of examination questions.
