FAMILIARISATION PROGRAMME FOR MARKETING REPRESENTATIVES (FPMR) ASSESSMENT OUTLINE

The FPMR Assessment is designed to test a candidate's knowledge, understanding and abilities relevant for Marketing Representatives (MR) (as defined under the Guidelines for Marketing Representatives) to carry out their duties competently and in compliance with prevailing laws and regulations. The broad spectrum of the outline includes a comprehensive introduction to the Malaysian capital market on the regulatory framework, capital market products and services as well as the techniques and skills required for MRs in marketing capital market products and closing the deal with prospective clients.

Candidates are expected to possess good knowledge and understanding of the subject matter provided in this outline and the specified references. In addition, candidates will be tested on their ability to analyse and apply the information at a basic level. It is estimated that this module will require a minimum of 30 hours of self-study time (including the 5 hours recommended learning hours to complete the 9 modules in the eFPMR Learning Programme). Candidates may need less or more depending on the education background and workexperience and will be given at least two (2) months access to the eFPMR Learning Programme.

Candidates are expected to update themselves with the latest developments in this assessment as all questions will be continuously updated to reflect these changes. Candidates are permitted to refer to their own prescribed reference materials during the assessment. Note that no prescribed reference materials will be provided by the Securities Industry Development Corporation (SIDC). The prescribed reference materials brought into the assessment by candidates are subject to the registration terms and conditions of SIDC.

Candidates are required to comply with the registration terms and conditions of the SIDC on the conduct of the assessment. Severe penalties will be taken against candidates for any misconduct during the examination.
